

REPUBLICANS OPEN TWO DAYS' SESSION

NEW YORK, Sept. 30.—The opening gun in the national campaign of 1912 was fired here today when the two days' convention of the Republican National League went into session.

Former President Roosevelt, fifteen governors, twenty United States Senators, thirty Representatives, and several thousand delegates representing all parts of the United States, will be assembled during the day for the first national convention to be held in New York city since 1857. A banquet in honor

of President Taft will be held tomorrow. A feature of the convention in Carnegie Hall today was the appearance of a trainload of delegates from Georgia, headed by Henry S. Jackson, of Atlanta. Mr. Jackson and his followers are trying to carry Georgia for President Taft in 1912.

The same Southern movement was represented by a large delegation from North Carolina headed by Representative J. M. Moorhead and B. Frank Morgan. The Southerners make no secret of their endeavor to start a boom for the renomination of Mr. Taft for President.

Colonel Roosevelt consented to address the convention late this afternoon upon the topic "Young Voters."

When President Taft makes his speech at the league banquet tomorrow, it is believed it will be his most important political utterance since he took office. The President has been busily engaged for a week preparing the speech, and according to the information that has come from his closest friends, the following points will be discussed with frankness and vigor:

MAY GRANT LICENSE FOR SELLING POOLS

ROCKVILLE, Md., Sept. 30.—Whether the circuit court for Frederick county will grant the application of the Frederick County Agricultural Society for a license to sell pools on the races at the approaching Frederick fair is a subject of intense interest in Montgomery county.

The same judges who recently refused to grant a similar license to the Montgomery County Agricultural Society will pass upon the application of the Frederick county society.

In this county there was a protest of citizens against the granting of the

license, but so far as is known, no action has been taken by Frederick county citizens.

While shaking a chestnut tree near his home here yesterday afternoon John Maddox, the eight-year-old son of Mrs. Addie Maddox, lost his balance and fell a distance of twenty feet. He sustained a compound fracture of the left forearm and was otherwise painfully injured.

At a meeting of the board of directors of the Montgomery County Agricultural Society here yesterday afternoon the report of Treasurer John J. Higgins was received. It showed that the expenditures of the society for the year were in excess of the receipts about \$200. But for bad weather on the third day of the recent fair, however, it is thought a good profit would have been shown. The total receipts for the year amounted to about \$3,000.

The flour mill of Clarence Veirs, who formerly resided in this vicinity, at Rochester, Ind., was destroyed by fire a few days ago. The loss is placed at \$15,000, with \$5,000 insurance.
